## SUMMARY

Enthusiastic Full-Stack Developer with hands-on experience in React, Node.js, MongoDB, and Firebase.

## EXPERIENCE

### Apprentice

#### Acciojobs

February 2025 – Present, Noida, Uttar Pradesh

- Built 5+ MERN stack projects, including a restaurant reservation system and chat app.
- Solved 15+ weekly coding challenges and implemented scalable APIs using Express.
- Attended live coding sessions, participated in mock interviews, and peer-reviewed code for improved quality.

### Software Trainee

#### Fastech Automations

November 2024 – February 2025, Bareilly, Uttar Pradesh

- Engineered 3+ client-facing web apps using PHP and MySQL.
- Deployed production modules for platforms like Himachal Taxi and Cure Culture.
- Optimized backend performance and integrated payment flows, reducing load time by 30%.

## PROJECT

### Restaurant Reservation System (MERN Stack)

Acciojobs • [restaurant-reservation-three-khaki.vercel.app/](#) • July 2025 – July 2025

- Built a dynamic reservation platform where users could book tables with form inputs; processed 100+ test entries.
- Designed and deployed a REST API using Express.js, storing user reservations efficiently in MongoDB.
- Achieved 100% responsiveness across devices using Vite, Tailwind CSS, and component-based UI design.

### Portfolio Website (Vite + Tailwind CSS)

Acciojobs • [portfolio-eosin-ten-74.vercel.app/](#) • June 2025 – July 2025

- Showcased 5+ projects with animated transitions and page routing via React Router.
- Optimized for performance and SEO with 90+ Lighthouse score.
- Boosted visitor engagement by 35% using scroll-based animations and clean UI. Increased user interaction by 35% with transitions and fast load.

### Weather Details

Acciojobs • [weather-details-gilt.vercel.app/](#) • June 2025 – June 2025

- Integrated OpenWeatherMap API to fetch real-time weather data for over 1000+ global cities.
- Improved user experience by 85% through conditional rendering, error handling, and loading states.
- Achieved <1s average data fetch and render time using Axios and component-based architecture.

## EDUCATION

### Bachelor of Technology in Information Technology

United College of Engineering and Research • Prayagraj, India • 2024

### Diploma

Government Polytechnic Lucknow • Lucknow, India • 2021

## COURSEWORK

### Web Development

Oasis Infobyte • 2022 • HTML, CSS, JavaScript

- Built static websites using HTML, CSS, and JavaScript.
- Completed hands-on UI layout and styling tasks.

### Python Programming

Effervescence IIIT Allahabad • 2022 • Python Programming

- Gained hands-on experience in Python fundamentals, control flow, and data structures.
- Completed project-based exercises and applied logic to solve structured coding problems.

### Core Java

APT Technosoft, Lucknow • 2021 • Java Programming and OOPs

- Learned object-oriented programming concepts and Java fundamentals.
- Completed as part of final year Diploma project requirement.

### Hardware & Networking

Jetking Institute, Prayagraj • 2019 • Hardware, Software and Network Troubleshooting

- Learned PC assembly, hardware troubleshooting, and component-level diagnostics.
- Practiced basic networking, IP configuration, and LAN setup techniques.

## SKILLS

- **Frontend:** HTML, CSS, JavaScript, React.js, Bootstrap, Tailwind CSS
- **Backend:** Node.js, Express.js, MongoDB, Firebase, EJS
- **Languages:** C, C++, Core Java, Python (basic), JavaScript
- **Tools:** Git, GitHub, Postman, Vite, MySQL, MS Office, VS Code, Vercel
